

SAFETY GRIP NODULES & WOODGRAIN LOOK DELIVER A PREMIUM EXPERIENCE

Ensafe Grab Rails provide an improved grip with textured low slip surfaces in an aesthetically pleasing wood grain finish designed to provide optimum user safety and comfort.

Ensafe Grab Rail systems provide an accessible bathroom solution for your home or facility.

Using advanced material and coating technology, our wood grain grab rail systems are easily seen and pleasant to touch whilst providing a domestic and warm aesthetic.

- **Grab Rails meet Australian Standards.**
- **High contrast for ease of identification.**
- **Raised grip nodules create a textured low slip surface.**
- **Hard wearing materials ensure an enduring performance and aesthetic appeal.**
- **Variety of configurations available.**
- **Easy installation process.**
